### Why CUUNA?

- I strongly believe that current affairs and global development are two things which all intellectuals should be concerned about. I believe CUUNA as a society, has great potential to raise students' (members and non-members alike) awareness to such issues. The fact that the Society is less than 4 years old and is having over 1300 members affirms my belief. I would love to contribute to the best of my abilities towards the development of such an inspiring organization.

### Why me?

- I believe in order for the Society to prosper, not only a strong and responsible committee team is needed, but also good relationship with fellow members. Therefore, strong communication skills is needed. I enjoy social occasions and is more than happy to organise such events for members to foster friendship, as well as inter-society communication.
- Being responsible is also another extremely important element for any committee members. My experience as sub-committee member of the CUHKCAS as well as sponsorship officer for CUCS v-show no doubt further enhanced my sense of commitment.

### As Social Secretary, my visions for CUUNA 2010-11 are:

- To raise the profile of the Society through organising more social event;
- To foster links with various other societies and faculties through social occasions like formal halls and film evenings;
- To ensure members are up to date about upcoming social events;
- To organise charity Balls where all profits will go to humanitarian charities.

### My plans for 2010-11 are:

- To organise social gatherings for members of the Society as well as other societies of similar nature through events like formal swaps.
- To raise money for charities by organising large scale events like ball.
- To secure sufficient sponsorship in order to make such worthy causes possible.
